## Meeting Participants

Each WSTS Member Company is represented by a single official representative on the Committee. This representative is expected to attend all Committee Meetings (Business Meetings) and to exercise their voting rights during these meetings, which typically take place on Tuesday mornings. Additionally, all other employees of WSTS Member Companies are welcome to participate in all aspects of the Committee Meetings (Business Meetings and Forecast Meetings). However, participation in the Forecast Meeting is contingent upon the submission of a pre-meeting forecast. Additionally, representatives from Semiconductor Industry Associations are invited to attend as observers. During registration, attendees must declare their role for the meeting.

Certain detailed information such as the agenda, the list of participants etc. is only accessible to holders of WSTS user accounts and/or to registered participants. **If you have registered but do not have a WSTS user account, you may login to this meeting web site (right upper corner) with your registration ID as user name and your last name as password.**

Non-member semiconductor companies that are interested in joining WSTS may send a representative to attend the Committee Meeting as an observer. Such requests are to be made to the WSTS Administrator.

**Tip for visiting restaurants:** Tipping in San Francisco Restaurants is around 18 to 22 percent. Eating in a group of 6+ will probably ensure the restaurant automatically includes the tip in the bill. A few restaurants are now automatically adding the tip, so should an amount of 18percent+ be present on the bill, this can be understood to be the tip. In addition to the tip there are other ?fees? of smaller percentage amounts that can be charged. One is the SF Healthcare Mandate, which can vary between 3 to 10 percent. These are not tips, and the tip/gratuity is still expected. As the tax is

around 9 percent, just double this to calculate the tip amount.

**APEC 2023 in San Francisco:** This November, San Francisco will be hosting the Asia-Pacific Economic Cooperation (APEC) Leaders' Meeting, which will be the biggest global event hosted by the city in recent years. During the week of November 12-18, we are expecting approximately 30,000 delegates from across 21 APEC Member Economies, 1,200 CEOs from around the world, and 600 media representatives for this 30th annual event. In addition, the White House has begun making plans for a November meeting in San Francisco between President Biden and Chinese leader Xi Jinping. The U.S. Secret Service outlined that vehicular, public transportation and pedestrian impacts should be expected in the areas around the Moscone Center, the Embarcadero, and Nob Hill during the designated dates and times. <https://sf.gov/news/apec-2023-san-francisco>
